

Dear Hiring Manager,

I'm excited to apply for the Software Engineer's position at your company. I am working as a full stack web developer Since Jan,2023 at Infoobjects, Jaipur. I graduated with a degree in B.tech. CSE and I'm looking to enhance my career so that I can achieve growth in my engineering's life and can contribute to a great organization like yours.

I learned valuable skills [ c, c++, data structures, algorithms, sql ] during my studies. After my graduation I am learning and working upon full stack development [ Angular, nodejs, postgres, nestjs, reactjs, javascript, html ] where I gained practical experience and these experiences have prepared me well for the full stack role.

What attracts me to your company is its commitment to values or projects. I admire how your company focuses on design, development, and project delivery and I'm excited about joining your team.

I'm a quick learner, a good team player, logical and optimistic minded and I can positively impact your organization. I've attached my resume for your review, which provides more details about my education, skills, and experiences. I would love to discuss how my qualifications align with the position.

Thank you for considering my application. I look forward to meeting with you and discussing how I can contribute to the success for your Organization. Feel free to contact me via email at [ [manu8094996105@gmail.com](mailto:manu8094996105@gmail.com) ] or by phone at [ +91 9982019540 ].

Sincerely,  
Manu bansal
